- You can add electric jacks for an additional charge.

We can't say it any better: "When we say 'REAL TUFF', we mean REAL TUFF!"

Portable System Options

Brisket bar to prevent cattle from dropping down in the chute (optional)

Includes bi-fold alley gate "slick door" that can be operated from either side or from the front.

- Corral panels
- Swinging gates
- Round pens
- Walk-in panels
- Creep feeder panels
- Skirted feeder panels
- Custom orders on request

Our cattle panels are built with heavy duty 12 ga. high quality 1" square tubing & are BUILT TO LAST! We set up some of our panels in our pasture in 1980 and they are still in place and in service! You just set them up quickly and easily (no posts needed) and they stay in place -- bring on the bulls!

Bale Feeders
Guaranteed not to break against bulls or buffalo!

We have many lengths of cattle panels like those shown above

Ask about our Maternity Pens!

Includes heavy-duty spring-loaded head gate. Head gate with neck extender available.

A note about us: After being run over by a cow after it crashed thru a gate (with the gate on top of me), I knew there had to be safer equipment, so we decided to make it! We make our equipment REAL tough to make you safer!

We use what we sell!
